

NCUJHS PBIS Habits for Success

2018-2019

The purpose of PBIS in our school is to maximize the academic and social learning of the school community through consistent, universal, proactive systems that create and maintain a safe and effective learning environment.

What does PBIS look like at NCUJHS?

Three tiered system to recognize and encourage positive behaviors:

- Individuals –“Business Cards”
 - Random individual drawings for a reward will be conducted at least weekly.
 - Students’ names may also be drawn during the Recognition Ceremonies.

- TA Teams – “Milestones”
 - Each milestone requires the team to earn an average of 15 business cards per student.
 - TA Teams will receive milestone rewards at different levels.

- School-Wide – “Celebrations”
 - Each level is based on an average of 28 business cards per student.
 - The whole school will participate in celebrations at different levels.

Individuals are recognized with “Business Cards” for demonstrating Habits for Success (Respect, Responsibility, and Perseverance).

Individual positive behavior impacts TA Team progress and the progress of the whole school...ultimately resulting in a positive school environment for all!
